I am writing about my favorite FM radio station, K-LOVE. K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America.

It would truly be a very big loss if K-LOVE were displaced by an LPFM broadcaster providing other programming. Our local community will have lost a safe haven where everyone in the family can feel free to tune in and be encouraged and inspired.

The service that K-LOVE provides is definitely in the public interest because the songs that are played can be just the right words to help a person through a difficulty they are experiencing in their life. Also, their staff is always willing and prays daily for their listeners prayer requests. The news that is reported is truly fair and balanced, but they will not report violence before alerting parents if they don't want their children to hear what they are about to report.

I am so passionate about the good work that K-LOVE is doing that I faithfully send \$38/month to support it, even though we really can't afford it! It is that important to me and if K-LOVE is taken away, I will no longer listen to the radio, I will listen to my Christian CD's only.

America needs more family-friendly programming options. Please don't take away our K-LOVE signal that makes an eternal difference in people's lives.

Thanks for your consideration,

Kathy Huffman
